However, this claim has been stated to be "false" by The Pentagon. Each of these blocs has its own contradictions. In the latter sense, it is the condition where by strong states exercise leadership. In particular, some of the requirements of the international institutions that reinforce the traditional norms of international law are often too painful when applied to developing societies. A decrease in glaring economic disparities through socio? In Africa, for example, economic liberalization in the form of structural adjustment measures decreases the role of the state in the economy thereby causing adverse effects on poorer classes Olukoshi, Internally, developing states sovereignty is assailed by ethno-political and first is the practical-conjunctural level viewed in terms of intentional human agency Robinson, ; Wallerstein,
