This is a quiet, personable book of advice, neither demanding nor condescending, and gave me as much hope as it did homework. This is a book that merits more than one reading. You need to explain your reasoning behind your claim. Loved this collection of craft essays. Some of these things I had painfully figured out myself in the years of trying to write a novel like the part about dialogue while others offered new insights like the part about characterization. If this information is not included on the website, you can omit it. It looks like you are located in Australia or New Zealand Close. You must be able to explain WHY the four other choices are wrong.
