NETWORK INFRASTRUCTURES

The existing, expensive network can't do what the Army needs. So is the solution outsourcing to the private sector?.

Army wants to bolster management of unclassified, classified networks -- Washington Technology

This chapter discusses the infrastructure needed for the Army to develop a world-class network science, technology, and experimentation (NSTE) capability.

SCNARC @ Rensselaer

The Army is developing a new contract to modernize how it manages unclassified and classified networks in the U.S. and globally.
