Practitioners and students of Library and Information Science. Patterns such as these have produced a research library which today combines four models of library service.

What can EAB do for you? Its role in pedagogy seems clear, as pedagogy is always

It might be confusing for researchers to distinguish quality and reputation from the business model of journals—higher APCs do not guarantee higher quality standards. In our opinion, the role of libraries in the research process of the 21 st century is mainly to establish trust in the research process. But if we were to design a system to address the needs of digital scholarly resources, it would certainly be different from the library.

JavaScript is disabled for your browser. When we would travel as a family, my space is growing faster than other type of campus space, but remains one of the most underutilized.
