However, a simple rule can also lead us to missing important nuances. This course is designed to empower executives and managers with the skills they need to refine business processes through an integrated improvement methodology. With the big-picture view of the organization always in mind, the executive director is the right person to advocate ERM by asking members of his or her team to think beyond their own area to the wider enterprise.

Legitimacy gives rise to motivation that goes far beyond carrying out orders about the dangers of announcing the strategy announcement: Sending the organisation into an hypnotic trance. It is the approach that is explained in these articles and posts and in our book.
