An intelligent accomplishment cannot be achieved until your thoughts are connected to a purpose and you set out to accomplish it. Program these affirmations into your subconscious mind each day while in a light state of meditation. With the negative ways of thinking, you'll tend to feel down, be less confident, and be less energized.

If you are constantly broke, it is because you have programmed yourself to be broke. It sounds crazy but even doing something minor like brushing your teeth using your non-dominant hand actually makes your brain wire and fire brand new neural connections. This means that you don't have to be tormented by negative thoughts that contribute to stress, anxiety, depression, low self confidence, and so on.

Again, this is about more than faking it till you make it or simply building confidence. It seemed like a big deal to me. Recognize that your mind will want to slip back into old patterns, and remind yourself that you're reconditioning yourself to have positive thoughts and take positive actions.
